Natural Green Tea

For centuries people have been drinking green tea in an effort to maintain good health. Green tea naturally contains catechin, a natural antioxidant, known to hinder free radicals in the body. MADE takes naturally good green tea and makes it even tastier.

Real Fruit Juice

MADE is natural and organic green tea, flavored with real fruit juice. This means we use the actual fruit juices for each of our flavor combinations to flavor our drinks. You won't find any stripped juices in our bottles.

Sweeteners

Why did we choose to sweeten 10 Calorie MADE with erythritol & sucralose? After trying many low calorie sweetener options this combination tasted the best, it's that simple. Erythritol is a sugar alcohol and occurs naturally in some fruits & fermented foods. Sucralose is a no calorie sweetener manufactured under several brand names, with SLENDA® being the most common.

Uniquely Created

MADE is bottled aseptically to naturally preserve vibrant flavors. Our bottles feature a silicon oxide barrier, are BPA-free and #1 PETE recyclable.
